

**South Bay Kids Connection's** mission is to improve the quality of children's social interactions by promoting kindness, building self-esteem and emphasizing collaboration with others. We engage children in non-competitive activities that center on teamwork and problem solving, all while having fun with each other. Students participate in kinesthetic cooperative activities as well as practice active listening and attention skills. We take data each class to assess growth trends and base subsequent classes on that information.

Classes are held every Monday at The Knowing Garden's park location (2pm – 3pm) and Wednesday (3:00pm - 4:00pm) at The Knowing Garden throughout each 8-week session, excluding school holidays.

Session I: Dates and Tuition

**September 18 - November 8:** \$272
